Projects

Pristine Clean

GitHub: github.com/colinmichael89/pristine-clean

Website: pristine-clean.herokuapp.com/

- Developed an application to efficiently manage a cleaning business, enabling real-time tracking of shifts, employee availability, incidents, and time-off requests.
- Provided employees with job site instructions and location directions, enhancing operational efficiency. • Utilized technologies such as HTML, CSS, JavaScript, Express.js, React.js, Apollo/GraphQL, MongoDB, Node.js, BCrypt, JWT, Bootstrap, FullCalendar, Heroku, and implemented PWA features.
- Implemented a secure API for user authentication and incorporated Font Awesome icons.

Venue Search

GitHub: github.com/colinmichael89/Venue-Search

Website: colinmichael89.github.io/Venue-Search

- Designed and built an application to search for concert venues and generate a list of upcoming shows, enhancing the concert-going experience.
- Enabled the storage of search history in local storage for convenient reference.
- Utilized JavaScript and APIs, with a user-friendly interface designed using Bootstrap and moment.js for date manipulation.

Experience

Owner/Operator – Commercial Cleaning

Pristine Clean, Denver, CO

2017 – Current

- Conduct customer prospecting through diverse business-to-business marketing and advertising strategies, including door-to-door, email outreach, cold calling, and mail campaigns.
- Maintain and nurture relationships with existing accounts, ensuring consistent customer satisfaction.
- Manage all financial aspects of the business through QuickBooks, including payment processing, payroll, vendor payments, and procurement of supplies and equipment.
- Designed and manage the business website (www.pristinecleanbycolin.com) on Squarespace utilizing G Suite.
- Responsible for recruiting, hiring, training, and supervising employees.
- Manage the company's social media presence on LinkedIn, Instagram, and Facebook to engage with clients and generate leads.
- Create marketing materials for mass email campaigns using tools like Mailchimp, HubSpot, and other CRM platforms.
- Effectively managed both client accounts and employees using technology and the Swept App.
- Prepare comprehensive and detailed estimates for prospective customers.

Marketing/Sales

High Caliper Growing, Oklahoma City, OK

2015 – 2017

- Traveled nationwide to showcase company products at trade shows and garden centers, playing a key role in expanding the brand's presence.
- Hosted events at garden centers, presenting and discussing products to potential customers.
- Recruited and managed contracted companies and personnel for various projects, including land development, marketing, and advertising.
- Produced videos and media content for social media platforms, marketing, and the company's website.
- Created blog videos for the company website.
- Maintained project progress records using Microsoft Excel.
